PADI DISCOVER SCUBA RESORT COURSE

TRY SCUBA DIVING! - Have you ever wondered what it's like to SCUBA dive? With Red Sail Sport's Discover Scuba Resort course we'll have you diving on Grand Cayman's beautiful reefs in just one day!

The Discover Scuba Diving experience is easy, fun and above all - safe!

This experience is a great way to find out what scuba diving is really like!

In the morning there will be a short theory session in which you will learn the important basic rules for scuba diving (dealing with water pressure, breathing on scuba, etc.), followed by

an introduction to the equipment and how it works before going into the swimming pool. You will practice some easy skills to help familiarize yourself with breathing underwater and using scuba equipment, so by the end of the morning session you're ready to go for a real dive!

In the afternoon one of our spacious dive boats will then take you to a beautiful shallow coral reef. Your instructor will be with you at all times on your 30 minute dive to 40 feet, where you will be shown all the treasures our underwater world!

After seeing what the amazing underwater world has to offer we're sure you'll probably want to dive again! We offer a **Repeat Resort Course**, which means you can dive as many times as you wish during your stay on Grand Cayman without repeating the pool and theory session again! You have the option to dive on the West Side, the Kittiwake Wreck* or at Stingray City. All dives must be made with an instructor, are limited to 40 feet and are subject to instructor availability.
